MEMORANDUM FOR THE RECORD

Morning Meeting of 17 December 1965

25X1 [ ] of OCI gave a background briefing on Ecuador.

DD/I noted completion of two memos in response to recent DCI inquiries. One deals with the India food crisis and transportation and logistics facilities relating to the food distribution problem. The other is a detailed assessment of the capability of the Cambodian transportation system as it might be used by the Communists in Southeast Asia military operations. (See Action 1)

DD/I reported on cooperative work done by DD/I representatives with INR and DIA officers in providing support to the U. S. attache in Moscow in his conversational contacts with Soviet military officials.

R. J. Smith noted an error in this morning's CIB concerning certain aspects of current fighting in Vietnam. Smith also reported on the current situation in Santo Domingo and on some current coup reports in Laos.

Smith referred to two special reports issued by OCI today. One deals with Soviet military doctrine concerning night operations and the other with popular attitudes and morale in Communist China. Both have been disseminated to other agencies. (See Action 2)

DD/S reported on the extensive support being rendered by OTR and Agency speakers to the DIA Defense Intelligence School. Some 102 Agency speakers have appeared at the School on 219 occasions worth 410 hours. (See Action 3)

25X1 [ ] reported on the status of an OTR five-day training course being given to Agency personnel en route to Vietnam for duty. The second of these courses finishes today. [ ] noted that the total complement of the station will reach [ ] by the end of June 1966. 25X1 This represents an increase [ ] since the past summer. DD/P 25X1 indicated that the station would not be permitted to grow beyond [ ] 25X1 figure.

Houston reported on effective cooperation between his office and the Air Force legislative liaison over the years. We keep the Air Force legislative liaison generally briefed and up to date on the Agency because of the important role the Air Force plays in support of certain Agency programs.

DD/S&T noted a Soviet ICBM firing last night. He reported on the firing of a Soviet satellite, the purpose of which is not fully understood at the moment and is under study.

DD/S&T initiated a discussion of the RB-57 lost over the Black Sea. [REDACTED]

25X1

DD/S&T noted that he and Houston would be in [REDACTED] on 20 December to meet [REDACTED]. (See Action 4)

With respect to the problem of some ten months ago involving [REDACTED], DD/S&T said we now learn that the NRO had made a contract with [REDACTED] on the eve of a crucial meeting of experts last February. This contract may have some relationship with the [REDACTED] (See Action 5)

25X1

DCI asked for comments from DD/I and Sherman Kent on an article by Roister appearing in today's Wall Street Journal.
